## OUR SERVICES

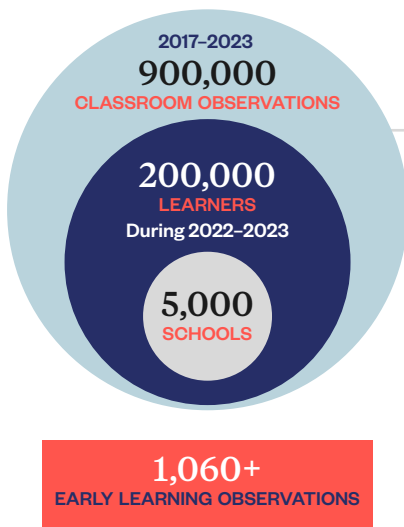

Education providers access a wide array of improvement tools and services supported by our knowledge and expertise in evaluating institution quality and student engagement through assessment and improvement solutions.

### Stakeholder Feedback

Primary surveys and inventories leverage valuable feedback from key constituents.

### Classroom Observations\*

\*Observation tools include elect®, erel®, and Teacher Observation Tool used to support classroom instruction.

### Professional Learning

Conference sessions, webinars, Canvas courses, and Cognia Learning Community\* Learning Labs are available for educators.

\*The Cognia Learning Community online platform hosts a network of educators from across the globe.

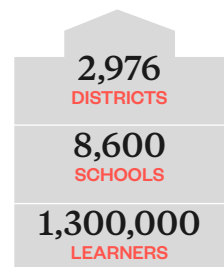

### Diagnostic Reviews

Nearly 200 schools engaged in reviews in the last five years.

Leaders use the Cognia Diagnostic Review process for in-depth root cause analysis of underperformance.

### Assessment Services

Cognia Assessments are used to determine student progress and pinpoint improvement through reliable reporting and data.
